

BLACKSMITH SHOP

Put the steps in order to make a horseshoe.

Name: _____

Father Pandosy says:

A blacksmith helped farmers by making and repairing tools, wagon parts, and horseshoes. Can you put the steps in order?

BLACKSMITH'S TOOLBOX

Read about each tool. Write the numbers 1-6 in the boxes to show the order a blacksmith uses them to make a horseshoe.

☐

Tongs

Hold the hot metal safely.

☐

Bellows

Pump air into the fire to make it hotter.

☐

Hammer

Shape the hot metal into a horseshoe.

☐

Water Barrel

Cool the finished horseshoe.

☐

Forge

Heat the metal until it glows.

☐

Anvil

Place the hot metal here before hammering it.
